# UNDP Support to Trade

**The 13<sup>th</sup> Sub-Steering Committee on Trade Development  
and Trade Related Investment (SSC-TD-TRI)**

February 21, 2013 at 8:30

Venue: MoC, Angkor Wat Conference Room

# UNDP Past support to Trade Development

*Empowered lives.  
Resilient nations.*

- Support to the development of DTIS 2007 and the establishment of trade SWAp
- Support MoC in trade SWAp facilitation role
- Support to improve the supply capacity of the some potential products for exportation such as cassava (incl Cassava Value Chain Study), rice, corn, etc.
- Support to capacity building in close collaboration with the Royal School of Administration (RSA) and capacity development of MoC core team

*Empowered lives.  
Resilient nations.*

## UNDP Vision on the Support to Trade Development

- Support the country to diversify and strengthen economy in order to build **country resistance** to shock and to respond to the dynamic regional environment and the Cambodia economic change.

*Empowered lives.  
Resilient nations.*

# UNDP Vision on the Support to Trade Development

## UNDAF

(United Nations Development Assistance Framework)

By 2015, more people living in Cambodia benefit from, and participate in, increasingly equitable, green, diversified economic growth

## CPAP Outcome

(Country Programme Action Plan)

Strengthening national and sub-national capacities to develop a more diversified, sustainable and equitable economy

## CPAP Output

Supporting human capital development and institutional capacity for selected sectors of importance for the diversification of the economy

Enabling national and local authorities, communities and the private sector to sustainably manage eco-system goods and services and respond to climate change

# UNDP Support in Trade Development

Empowered lives.  
Resilient nations.

## CPAP Outcomes

Strengthening national and sub-national capacities to develop a more diversified, sustainable and equitable economy

## CPAP Outputs

- Support human capital development and institutional capacity for selected sectors of importance for diversification of the economy
- Enabling national and local authorities, communities and the private sector to sustainably manage ecosystem goods and services and respond to climate change

### DTIS Update 2013
