(REF: EIF/2015/033)
RE-ADVERTISEMENT**

1. The Royal Government of Cambodia (RGC) through the Ministry of Commerce (MOC) has received a grant of US\$1'493'000 as part of the Enhanced Integrated Framework -Tier I implementation (2010-2015). Subsequently, the Ministry of Commerce was able to mobilize around US\$7 Million for the implementation of its flagship Cambodia Export Diversification and Expansion Programme (CEDEP), under the Tier 2 category of the EIF.
2. The Enhanced Integrated Framework (EIF) for Trade-Related Technical Assistance to least-developed countries (LDCs) is a process that was first established in 1997 to support LDC governments in trade capacity building and integrating trade issues into overall national development strategies. The EIF has two objectives: (1) to "mainstream" (integrate) trade into the national development plans such as the Poverty Reduction Strategy Papers (PRSPs) of least-developed countries and (2) to assist in the coordinated delivery of trade-related technical assistance in response to needs identified by the LDC. The IF is built on the principles of country ownership and partnership.
3. MoC has engaged the support of EIF and UNDP to carry out a Medium Term Plan and to formulate key concept papers for trade-related technical assistance over the period 2016-2020. The stocktaking of CTIS implementation and definition of areas still needing technical assistance were conducted in March. The list of the top 10 clusters for the 2016-2020 AFT programme was prepared through this partnership and subsequently approved by the Senior Minister in the 21st SSC-TD-TRI meeting on 3 June 2015. Five project concept notes were already developed by the Medium Term Plan team while other five project concept notes will be developed by DICO and consultant separately.
4. The DICO, serving as Secretariat and National Implementation Unit (NIU) to the EIF and SWAp Secretariat, wishes to recruit an individual national consultant to prepare the four concept notes, in close coordination with the EIF Focal Point (FP) and National Implementation Unit (NIU Director) in the Ministry of Commerce. The concept notes, will help the Ministry of Commerce and other line ministries to develop detailed project proposals for future technical assistance programmes for the period 2016-2020.
5. For that purpose, the Ministry of Commerce is seeking the support of **one** individual **National Consultant** to prepare 4 Concept Notes to be used by MoC to mobilize additional TA support from Development Partners in the 4 priority clusters designated by the Senior Minister and the SSC-TD-TRI.
6. The consultant will be contracted for a total of 30 working days over a period of two months.
7. Qualifications to be quantitatively evaluated (scored):
 - A Master's Degree in Economics or Development, or MSc/MA in Business Management, or relevant discipline.

- At least 10 year experience in economic, trade and development research and study formulation;
 - Good knowledge of trade, particularly Aid for Trade, sector-specific issues, and development issues; good understanding of the EIF will be an added advantage;
